Abstract for Experimental Methods in RF Design by Wes Hayward, W7ZOI; Rick Campbell, KK7B; and Bob Larkin, W7PUA Published by ARRL, 2003 512 pages with approximately 1000 figures and a CD ROM

### **Abstract for Experimental Methods in RF Design**

Experimental psychology refers to work done by those who apply experimental methods to psychological study and the processes that underlie it. Experimental psychologists employ human participants and animal subjects to study a great many topics, including (among others) sensation & perception, memory, cognition, learning, motivation, emotion; ...

Experimental research is a systematic and scientific approach to the scientific method where the scientist manipulates variables.

### **Experimental Research - A Guide to Scientific Experiments**

In this article we explore the issues that surround within-subject and between-subject designs. We describe experiments in economics and in psychology that make comparisons using either of these designs (or both) that sometimes yield the same results and sometimes do not.
