Legal Research on International Law Issues Using the Internet

International legal theory comprises a variety of theoretical and methodological approaches used to explain and analyse the content, formation and effectiveness of public international law and institutions and to suggest improvements.

International legal theories - Wikipedia

Malcolm X (1925–1965) was an American Muslim minister and human rights activist who was a popular figure during the civil rights movement. He is best known for his controversial advocacy for the rights of blacks; some consider him a man who indicted white America in the harshest terms for its crimes against black Americans, while others ...
