STUDY GUIDE FOR THE CERTIFICATION EXAM - IC&RC

Process Capability. This is a long article, but I thought it was important to keep Cp and Cpk together. Cpk is addressed first, then Cp. There are also crib notes on what the equations mean in a real performance sense, what you should be able to tell about a process depending on Cp and Cpk values and more.

Process Capability (Cp & Cpk) | Six Sigma Study Guide

This tutorial describes three examples of recent human adaptations: lactose tolerance, sickle cell disease, and bitter taste perception. Human populations in different parts of the world exhibit differences in traits, which may be adaptations to their local environments.

Recent Adaptations in Humans | HHMI BioInteractive

Biology is the natural science that studies life and living organisms, including their physical structure, chemical processes, molecular interactions, physiological mechanisms, development and evolution. Despite the complexity of the science, there are certain unifying concepts that consolidate it into a single, coherent field.
