Reading Ladders shows how, rung-by-rung, you can connect students to book after book—each a little more complex than the last. Read Full Description below » Special Offer : Save 30% off our list price automatically when you buy 15 or more.

Reading Ladders by Teri Lesesne. Leading Students from

The analogy of helping students climb up a reading ladder is very good as are the examples of reading ladders in the book, the other information was less compelling. The lack of nuance in terms of gender is also another component that shows very old fashioned thinking.

Reading Ladders Leading Students from Where They Are to Where We'd Like Them to Be

review 1: Much of the commentary on free voluntary reading in this book is seen in many other books that I've read. However, I appreciated learning about the concept of reading ladders and definitely see how they can be used to move struggling readers forward and push advanced readers.
