This 60-page research-based guide provides the best practices for teaching students with learning difficulties in math and reading. The highlighted interventions include supporting cognitive processing, intensifying instructional delivery, increasing learning time, and reducing group size.

Strategies for Teaching Students Struggling With

Introduction. Technologic innovation has transformed media and its role in the lives of infants and young children. More children, even in economically challenged households, are using newer digital technologies, such as interactive and mobile media, on a daily basis 1 and continue to be the target of intense marketing. 2 This policy statement ...

Media and Young Minds | From the American Academy of

In light of this fact, why are so many schools and districts struggling to reap the benefits of RTI? Some schools mistakenly view RTI as merely a new way to qualify students for special education, focusing their efforts on trying a few token regular education interventions before referring struggling students for traditional special education ...
