One is what I call "micro-learning," things we can quickly read, view, or consume and they only take 10 minutes or less. These may be a video, a blog, or a set of instructional questions that help us think differently than we did before.

The Disruption of Digital Learning: Ten Things We Have

Behaviorism (or behaviourism) is a systematic approach to understanding the behavior of humans and other animals. It assumes that all behaviors are either reflexes produced by a response to certain stimuli in the environment, or a consequence of that individual's history, including especially reinforcement and punishment, together with the ...
